

Serving the State of Nebraska

All facilities depend on electrical power for lighting, safety, security, and other functions critical to operations. To keep facilities operating at peak efficiency, the procurement and use of electrical supplies must be well coordinated – often across multiple locations. WESCO strives to be your partner of choice when it comes to electrical products, equipment, and supplies. As a Nebraska State contract holder, we help keep your facilities operating at optimum levels while reducing the overall expenses by delivering the right products at competitive prices, along with a broad range of value-added services. Let WESCO be your One Source for electrical products and more!
